Relics bring point-and-click adventure games to a new level utilizing live-action footage to immerse you into a real world environment.

This new horror adventure allows you to play through the eyes of the main character, Mathew Hunter.

Investigate Ridgecrest High where a series of disappearances and a fatal accident indicates a cursed relic may be in someone's possession.

Go undercover and investigate the location to recover the relic before the body count grows.

The Adventure Begins in Summer 2011

Subdued Software has partnered with Bryan Wiegele, creator of the Delaware St. John series, to bring a new horror series to iPad and PC.

“**Relics**” is the story of Matthew Hunter and his pursuit of cursed family heirlooms that hold the key to releasing him from a dark curse.

Combining high-quality movie production with proven gaming tech is sure to give adventure gamers a new experience in horror this summer!
